CWO Appointment Board General

PURPOSE.

The purpose of this guide is to provide procedures and guidance to applicants, units, and Servicing Personnel Offices (SPO) for the Chief Warrant Officer (CWO) Appointment Board.

GENERAL GUIDANCE FOR ALL APPLICANTS.

The CWO Appointment Board process is governed by regulation and policy. This guide is used in concert with the policies found in the Officer Accessions, Evaluations, and Promotions (OAEP), COMDTINST M1000.3(series), which outlines the methods used to select enlisted personnel of the Coast Guard for appointment to chief warrant officer. This application-based process starts with the member. An appointment to chief warrant officer is dependent on applicants and commands understanding and fulfilling their responsibilities within the process.

CWO APPOINTMENT BOARD GENERAL INFORMATION.

The CWO Appointment Board process has changed considerably over the years and will continue to change to meet the needs of the Service. COs have an important responsibility to identify and encourage qualified enlisted members who have demonstrated qualities of character and leadership required of officers to pursue appointment. However, each candidate is responsible for initiating and completing all eligibility requirements prior to the established deadlines to include obtaining a CO's recommendation. Only those individuals who have clearly demonstrated sustained superior performance, outstanding leadership abilities, and the potential to serve as a commissioned officer should be recommended for the CWO Appointment Board. If a CO feels an individual is not qualified for appointment to CWO, that applicant should not be recommended and should be counseled on what is required to improve their performance to ultimately receive a favorable endorsement.

- a. Eligibility Requirements. The eligibility requirements are outlined in Art 1.D of the OAEP, COMDTINST M1000.3(series). Every applicant should closely review the OAEP, COMDTINST M1000.3(series) and all official message traffic involving the CWO Appointment Board process. In addition, prior to the 12 December eligibility requirement deadline, CG PSC will release an ALCGPSC message announcing the upcoming CWO Appointment Board. This message will provide any new eligibility requirements and a timeline of events.
- b. Application. Applicants should follow their CO's policy for requesting his/her recommendation (e.g., scheduling an interview with the CO, providing documentation attesting to the completion of the minimum eligibility requirements, addressing suitability issues, etc.). After receiving the CO's positive recommendation, the member must submit an application in Direct Access through the "My Panel Submissions" link through his or her CO. An enlisted member (OinC, supervisor, etc.) may not complete the recommendation portion of the applicant's application for the CWO Appointment Board or provide final command endorsement.
- c. Pre-board. Pre-board consists of two phases: the Warrant Personal Data Extract (PDE) and the Warrant Profile Letter. Both the PDE and the Profile Letter are viewed in Direct Access. The

applicant is responsible for ensuring the accuracy of both documents and printing out and keeping a copy for their records. Publication of the PDE and Profile Letter will be announced by CG PSC in an ALCGPSC message.

- d. *Pre-board Eligibility List*. The Pre-board Eligibility List consists of those applicants whose Pre-board Score qualify them as a primary or alternate candidate. It also gives updated information for submission of the OER and Resume. This is announced by CG PSC in an ALCGPSC message.
- e. *OER and Resume*. Each candidate whose score qualifies them as a primary or alternate candidate must prepare a resume and the unit shall prepare an OER. These items are sent to CG PSC by the date established on the Pre-board Eligibility List message.
- f. *CWO Appointment Board*. The CWO Appointment Board normally meets in April for two weeks. Each specialty is looked at separately. From among those names provided for consideration in each specialty, the board determines if all candidates are fully qualified for appointment. The Board ranks the candidates in order in which the board considers them best qualified.
- g. *Post Board*. The board results are prepared and routed for approval from CG PSC to the Commandant, then sent to the Secretary of Homeland Security for final approval. Upon approval, CG PSC will announce the results in an ALCGPSC message.

3. RESPONSIBILITIES.

The CWO Appointment Board cycle is a multi-level process requiring all responsible parties to do their part to ensure success. 6. PDE DESCRIPTION.

The Personal Data Extract (PDE) is a form created by the Direct Access database for every eligible CWO Appointment applicant. It contains the personnel data currently in Direct Access used to determine the applicant’s eligibility for competing in the CWO Appointment Board Process. PDEs must be verified and/or corrected prior to the deadline date published in the ALCGPSC message announcing the upcoming CWO Appointment Board. Each candidate should print out a copy of their PDE from Direct Access and keep it for his/her files. The PDE will not be available once the Pre-board Eligibility List has posted.

Field Name	PDE Description
Rate, Name	Member’s Rate/Rank, Last Name, First Name, MI
EMPLID	Member’s Employee I.D. Number
Department	Unit Dept ID#, Unit Name
SPO Department	Unit Dept ID#, Unit Name
Sea Duty Qualified	Shows “Y” or “N” and only applies to applicants for BOSN and ENG because both specialties require sea duty. An entry of “Y” indicates the member has met the sea duty eligibility requirement for the CWO Appointment Board. (sea duty does not impact the preboard score, it is solely used to establish eligibility to compete in either the BOSN or ENG specialty) This requirement will not be waived except for members who are presently serving at sea or who are under orders to sea duty and will meet the sea duty requirement by 30 June following the board convening date.
AD Base Date	Shows date or adjusted date of creditable active duty service.

Field Name	PDE Description
Time in Service (TIS)	Shows Time In Service computed up to 01 July of the year of the board.
Marks Factor	Final marks multiple. Based on Enlisted Employee Reviews (EERs) during the four-year period immediately prior to 1 January. Only E-6 EERs are used for those E-6 applicants with fewer than four years TIG.
E6 Mos	E-6 - One point for each full month of active service as an E-6. Maximum credit for E-6 is 100 points.
E7 – E9 Mos	E-7 and above – Two points for each full month of active service as an E-7 or above. Total maximum credit for time as E-6 thru E-9 is 175 points.
Terminal Eligibility Date (TED)	Date used as end date to calculate TIS and TIR (01 July in year of board).
Recommendation for Advancement by CO	Shows “Y” or “N” for CO’s recommendation. This information is taken from the E-Resume the member submitted to their CO to apply for the CWO Appointment Board. This block cannot be changed. See the last block of the PDE for CG PSC-OPM-1 corrections/updates with recommendation status.
Evaluations	Lists all Enlisted Employee Reviews (EERs) used to create the marks factor. Due to the requirement of a minimal 184-day observation period, it is acceptable and normal for applicants recently promoted to E-7 to go before the board without an E-7 employee review. See Enlisted Accessions, Evaluations, and Advancements, COMDTINST M1000.2, Chapter 5 for EERs.
Comments Relating to Eligibility or Ineligibility	This block has system generated reason(s) regarding ineligibility and CG PSC-OPM-1 remarks regarding eligibility or ineligibility.

7. PDE VERIFICATION.

CG PSC-OPM-1 will release an ALCGPSC message announcing the CWO Appointment Board with details of verifying and correcting PDEs and the deadline dates for corrections. Corrections to PDEs after the published deadline date will not be accepted for the cycle. Requests for corrections to errors shall be sent via message or email to CG PSC-OPM-1.

8. PROFILE LETTER DESCRIPTION.

The Profile Letter is a form created by the Direct Access database, which provides each candidate his or her Evaluation Score, Evaluation Pre-board Score, Experience Pre-board Factor (Time in grade E-6 – E-9) and Total Pre-board Score. Below is a list of fields from the Profile Letter and descriptions of each.

Field Name	Description
Name, Employee ID, Rank and Department ID	Self – explanatory
Warrant Specialty	Specialty the candidate applied for.
Board Date	CWO Appointment Board convene date.
Evaluation Score	Credit based on a calculation of candidate's EERs. This score is based on EERs during the four-year period immediately prior to 1 January. This score accounts for 60% of the Pre-board score.

Evaluation Pre-board Score	<p>This score is based on:</p> <ul style="list-style-type: none"> ▪ Summary Performance Evaluation Data ▪ Standard Deviation Marks Factor ▪ Number of candidates for each specialty ▪ If your Evaluation Pre-board Score is a negative number it means that your evaluations are <u>lower</u> than the "average" marks factor for all applicants that applied to that specialty. The candidate would receive a very low or negative number in their Evaluation Pre-board Score. ▪ If your Evaluation Pre-board Score is a low number it probably means that your evaluations are around the "average" marks factor for all applicants that applied to that specialty. The candidate would not receive very many points in the Evaluation Pre-board Score. ▪ If your Evaluation Pre-board Score is high it probably means that your evaluations are above the "average" marks factor for all applicants that applied to that specialty. The candidate received more points because of his/her high evaluations.
Experience Pre-board Factor. Time in pay (TIG) grade E-6 thru E-9	<p>Credit based on calculation of TIG calculated in months as an E-6 and as an E-7 and above. TIG is calculated to 01 July of the year of the CWO Appointment Board.</p> <ul style="list-style-type: none"> ▪ E-6 - One point for each full month of active service as an E-6. Maximum credit for E-6 is 100 points. ▪ E-7 and above – Two points for each full month of active service as an E-7 or above. Total maximum credit for time as E-6 thru E-9 is 175 points.
Total Pre-board Score	Total of Evaluation Pre-board Score and Experience Pre-board Factor.

9. PROFILE LETTER VERIFICATION.

Each eligible candidate will receive a Profile Letter from Direct Access. If incorrect data is found due to a system error, which was beyond the member's, unit's or SPO's control to fix, the unit may send a message to CG PSC-OPM-1 requesting a determination and/or correction. The unit may be asked to provide supporting documentation. Requests for corrections to errors shall be sent via message or email to CG PSC-OPM-1.

10. REVIEW OF CG PSC PDR.

All candidates are encouraged to review their official record maintained by the Coast Guard Personnel Service Center (CG PSC-BOPS-MR) and provide copies of any authorized documents that are lacking. This can be done by:

- a. You will need to submit a [signed memo](#) for a copy of your PSC EI-PDR to: ARL-PF-CGPSCENLRecords@uscg.mil. (Global ARL-PF-CGPSC ENL Records). Please don't wait

until the last minute before a board to obtain a copy of your record. We recommend sending for your record NLT three months prior to the convening of the board. This gives all concerned plenty of time to fix problems and obtain and scan anything that may be missing.

11. PRE-BOARD ELIGIBILITY LIST.

A list of Primary and Alternate candidates will be released via message on a date established by CG PSC-OPM-1. Applicants should log into Direct Access and verify their final Pre-board scores. The Board will only review the records of all Primary candidates. The Board will only consider an Alternate candidate if a Primary candidate is removed from consideration.

12. CWO APPOINTMENT OER.

COs shall prepare an Officer Evaluation Report (OER), (CG-5310A (01/17), most current version), for all members of their command whose names appear on the Pre-board Eligibility List. Do not use the instructions in the Procedures for Completing Officer Evaluation Reports Manual, PSCINST M1611.1(series) for regular OER submissions. CG PSC-OPM-1 will release a message with instructions for OER preparation. The following rules apply:

- a. No attachments are allowed.
- b. Do not assign numerical marks for performance dimensions. Forms with assigned marks will be returned for resubmission.
- c. In preparing OERs, COs should review the scope of duties for each specialty and comment on the candidates' abilities to perform the duties in the specialty sought.
- d. If candidate recently transferred or if candidate is an advanced education student, current commands should contact prior commands for OER input. Previous Commanding Officers who desire to provide input may also forward an Administrative Remarks Form CG-3307 in accordance with 1.D.7.b of Officer Accessions, Evaluations, and Promotions, COMDTINST M1000.3(series), documenting the candidate's potential to serve successfully as a CWO. The Administrative Remarks form shall be submitted directly to CG PSC-BOPS-MR.
- e. This performance must fall within the period of report CG PSC-OPM provides on their message.
